## SEN. O. K. HOLLADAY WILL SPEAK HERE

Will Address County Court and the People on the Subject of a New State Constitution, Next Monday, at One O'clock, P. M.

Ex-Senator O. K. Holladay, of Cookeville, will address the county court of this county when it convenes in quarterly session, Monday, July 9. It will be remembered that Senator Holladay was one of the strongest leaders in the legislature when the great fight for state prohibition came up a few years ago. He comes from the county of Putnam, is heart and soul in sympathy with the farmer and the common people and what he will say to our people will be said with the sure and sincere purpose of leading us along the lines that will prove the most helpful to the great mass of people and in opposition to the cities, that are even now showing their hand by trying to have the convention postponed until after the war is over.

The cities of the state do not like the provisions of representation fixed by the legislature because it places the power in the convention in the hands of the farmers and the common people. In other words as the matter now stands the work on the constitution would be done by the country people and the big cities would have little chance to control things and shape the framing of the instrument in such a way as to make the country people carry the burdens and the city people reap the benefits.

Senator Holladay is one of the common people, was so born and raised, and is in sympathy with everything that is for their best interests. Every farmer in the country should turn out and hear him for by so doing you will be able to vote much more intelligently than you could otherwise do.

He will address the court and people at about one o'clock, Monday, July 9, the first day of the quarterly term of court. Don't fail to be there, for the question of a new state constitution will be placed before you in such a plain and clear manner that you can readily make up your mind how you want to vote.

## UNION MEETING IN PROGRESS

Excellent Sermons and Splendid Music Should Lead You to Attend.

A Union Evangelistic Campaign is now in progress at the Methodist Episcopal Church, under the auspices of the two Methodist Churches and the Congregational Church. The other two churches have been urged to cooperate and they have responded in a most friendly and fraternal way. Sunday, June 24, was the date of beginning and the meeting will close on Sunday evening, July 8.

Rev. John C. Patty, of Morristown, Tenn., is doing the preaching, and Mr. Thomas Roddy, of Chattanooga, is the singer. Both of these gentlemen possess unusual ability in their line of work. Mr. Patty is a preacher who fearlessly denounces all sin with words that scorch and blister, but who clearly and convincingly points out Jesus Christ as the remedy for sin.

Mr. Roddy possesses a voice of rare sweetness and power. His solos are a feature of the services that one cannot afford to miss. Every word is clear and distinct as he sings the Good News of the Kingdom.

Everyone is urged to attend these services at 2:30 in the afternoon and 7:45 in the evening. The meeting is for the town and free from selfish motives. Surely everyone interested in the welfare of the town will be interested in the meetings.

Rev. Patty, wife and three children have rooms in the High School dormitory. X X

## I. C. TO ACQUIRE THE TENN. CENTRAL RY.

Sale to Be Made by Court Order, Nashville, Next Monday, July 2.-I. C. to Build to Chattanooga at Early Date, Is Rumor.

An undenied rumor is current that the Illinois Central will purchase the Tennessee Central when it is offered for sale at Nashville next Monday.

It is generally understood that the Southern Railway has, in round numbers, \$4,400,000 of the first mortgage bonds of the T. C. and the Illinois Central \$2,000,000. It is understood that the I. C. will take over the Southern bonds and buy the road. Engineers of the I. C. have recently made a trip of inspection over the T. C. and the report of its physical condition is so favorable that President Markham, of the I. C., is entirely satisfied and the T. C. will pass into the hands of the I. C.

The I. C. has owned large property in Nashville for several years which was purchased for terminal facilities. It is now considered that the purchase of the T. C. will enhance the value of the Nashville holdings of the I. C. fully half a million. It has been so stated and wired to President Markham by a prominent Nashville man on hearing that the T. C. was to be taken over by the I. C.

It is also rumored that the I. C. will build a line into Chattanooga, which will be the shortest between Nashville and Chattanooga. Large improvements are expected when the I. C. gets control and this section promises to be greatly benefited thereby.

For some time the feeling has prevailed that the Southern Railway would take over the T. C. as it is the largest holder of first mortgage bonds, but it now seems the Southern prefers to dispose of its holdings rather than to assume the additional burden necessary to swing the deal. The heavy indebtedness of the Southern and the pressing need of more new equipment for the lines now operated by the Southern is given as one reason why the Southern prefers to sell rather than to buy.

The feeling has prevailed with most persons of this section that the best interests of this plateau section would be served by the Southern owning the T. C., but well informed persons now say that it is vastly more important that the I. C. own the T. C. than that it should be acquired by the Southern. The I. C. is one of the richest roads in the country and has a vast mileage that extends in the direction most helpful to this immediate section, both in the way of sending our products to market and getting the things needed here. All in all the purchase of the T. C. by the I. C. seems to be the best thing that could come to this section by the sale of the T. C.

It is not definitely known at what point the I. C. will build from to reach Chattanooga and as there has long been talk of a road running from Crossville down Sequatchee valley to Chattanooga the purchase of the T. C. by so strong a road as the I. C. would lend weight to the probabilities of that line being constructed at an earlier date than would otherwise be done.

Whether or not the I. C. really will acquire the T. C. will not be fully known until after the I. C. is offered for sale next Monday at Nashville by Commissioner Doak, who will offer it at public outcry under direction of an order from Judge Sanford of the Federal court. After that the purchase will have to be confirmed by the board of directors of the I. C., but that will simply be a matter of form in the event a representative of the I. C. bids off the road.

## JULY FOURTH.

If Crossville is to celebrate the Fourth it is high time something was being done looking to that end. Some persons think that a better way would be to donate something to the Red Cross and observe the day quietly at home.
